Gentlemen:—The confidence I have in Perry Davis'
Pain Kille. as a remedy for Colds. Coughs, Burns

used for that purpose; but having suffered intensely
from a former one, and having no other remedy at
hand, I applied the Pain Killer freely for about fifteen unnutes at evening, and repeated the applica

destroyed the felon, and increased my cunfidence in
the utility of the remedy.

HOW THE MONEY COMES.

Queer John has sung "how money goes,"
But how it comes, who knows? Who knows?
Way every Yankee mother's son,
Can tell you how "the thing" is done,
It comes by honest toil and trade;
By wielding sledge and driving spade,
And building ships, balloons, and drums,
And that's the way the money comes.

How it does come? Why, as it goes

How does it come? The way is plain—
By raising cotton, coru, and cane;
By wind and steam, lightning and rain;
By building ships neroes the main;
By building bridges, roads, and dams.
And sweeping streets, and digging clams.
With whistles, lib's land how's land hum's!
And that's the way the money comes. The money comes—how did I say?

Not always in an honest way;
It comes by trick as well as voil.
But how is that? Why, slick as oil:
By putting pens in coffee bags;
By swapping watches, knives, and nags.
And pedding wooden clocks and plums;
And that's the way the money comes.

How does it come? Wait, let me soc; t very seldom canges to me; t comes by rulo, I guess, and scale; sometimes by riding on a rail; sut oftener, that's the way it gues rom silly belies and best young beanx; t comes in big, may, little sums,

both parties had to cease firing.

The Richmond Dispatch of the 28th inst. gives the following particulars of the fight at Pensacola, taken from the Pensacola Ob-server of the 22d and 23d. The Observer of the 22d thus announces the beginning of the fight: At five minutes past ten o'clock this morning, a heavy and continuous fire commeneed at the forts below. On which side it commenced we are unable to say. Up to this writing-I o'clock-the fire still continues, and we can only give the hope that the bombardment has opened in good earnest. We shall publish the news as fast as we get it. We learn from a person just from the Navy-yard, that the fire was opened from Fort Pickens on the Confederate steamer Tunis, and was returned by our batteries and forts. This shows that their gnns are of inferior character, or that Col. Brown and his Yankees are much damage. The Neimo went over to the main land, and found the Florida regiment all right; and, passing Billy Witson's battery, she gave them a couple of shots, which were returned.
